Bible: Today we talked about accepting other perspectives to enrich our lives and the lives of those around us. **Please read these instructions completely, and think about this before answering. There are things that are wrong and we should not accept the other person's perspective e.g. hurting other people.** Think of an argument that you recently had with someone. Describe the argument.(usually the argument happens because people do not agree what they see or understand). Now, with hindsight, describe how your reaction could have been different. Bible: Today we talked about why we might love people more when we help them. The text said it is because when we help someone it is like investing in them. We tried to calculate how much Yuto's parents have spend on him coming to Axis since he was about 4 years old. His life time food expense. We talked about the time parents could be doing other things instead of taking care of you; which they did very willingly. Do we really appreciate our parents. After today, hopefully you understand the meaning of the chapter title better. The homework: Tell me what you will do for your parents tonight or tomorrow to start to really show them that you appreciate the many things that they have done for you, and continue to do for you.
